Author: Popov, V. S.; Trusov, M. A.

Short title: Generating functions and sum rules for quantum oscillator.

MR Number: 2518099

Primary classification: 81Q05

Secondary classification(s): 05A15 33C45

Review text:

A strange two-page progress report (or an advertisement of text [9] in preparation?) adds a few more elementary formulae to previous series of equally short and equally elementary three letters on the same subject by the same authors.
